Subject: Passaic River RM 10.9 -Schedule Thursday May 15, 2014

Mike, Amy:

As discussed today on the RM 10.9 weekly teleconference, no work is scheduled for Thursday May 15. GLDD is trying to repair/replace the excavator. Until a repaired/ replaced unit is located no additional work related to the habitat layer will be conducted. I will continue to send daily updates as I receive updates from the engineer.

Please feel free to contact me with any questions.
